

The Foundation is pleased to publish their audited Financial Statements for the year ended March 31, 2010. Please click on the appropriate link if you wish to review in detail.

We wish to thank all donors, volunteers and other supporters who have contributed to achieve this successful year. As a result of their generous support, the Foundation was able to achieve its' primary objective of acquiring a portable ultrasound unit for the emergency department in the Devon General Hospital. Additionally, we also wish to acknowledge and thank the Government of Alberta, Community Spirit Program for the \$21,037 grant which was used to erect doorway awnings going to the courtyard, wall murals and images and construction of a kiosk for the Gift Shop, all which will help to improve the quality of life for the residents and patients of the hospital. Please refer to page 10 of the statement for a complete listing of donation expenditures for fiscal years 2009 and 2010.

The Foundation's 2010 major project is to purchase 5 Zonaire beds at a cost of \$65,000. These beds are the latest in patient comfort and the hospital patients in acute, transition, or palliative care will benefit greatly. Prolong stays in bed increases the risk of skin breakdown and these Zonaire beds will reduce this risk while providing additional pressure relieving comfort.

Again, thank you for support.

Gorden H Fries - Treasurer
